FINANCIAL STATEMENTS

JUNE 30, 2018

INDEPENDENT AUDITOR'S REPORT

To the Members,
PIH Partners In Health Canada

We have audited the accompanying financial statements of PIH Partners In Health Canada, which comprise the statement of financial position as at June 30, 2018, and the statements of operations and changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of PIH Partners In Health Canada as at June 30, 2018, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

It is dedicated to making lifesaving health care both a right and a reality is committed to long-term change through a lens of social justice and solidarity with patients and communities it serves around the world.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Management is responsible for the preparation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations. Outlined below are those policies considered particularly significant:

Revenue recognition

The principal sources of revenue and recognition of these revenues for financial statement purposes are as follows:

Contributions

The organization follows the deferral method of revenue recognition for contributions. Externally restricted contributions, including project grants and donor restricted donations, related to current expenses are recognized as revenue in the current year. Externally restricted contributions received in the year for expenses to be incurred in the following year are recorded as deferred contributions. Unrestricted contributions, including donations and amounts received from fundraising, are recorded when received.

Contributed materials and services

Other than contributed portable medical laboratories, contributed materials and services are not recorded in the accounts. Contributed portable medical laboratories are recognized as revenue and as an expense in the same period.

Interest income

Interest income is recognized when earned.

Allocation of expenses

The organization allocates salary and other costs by financial statement expense category. Salary and other allocations are based on actual time spent in an activity (see note 5).

Foreign currency translation

Transactions denominated in foreign currencies are translated into Canadian dollars at exchange rates prevailing at the transaction date. Monetary assets and liabilities are translated into Canadian dollars at exchange rates in effect at the date of the statement of financial position. Exchange gains and losses are included in the statement of operations.

2. FINANCIAL INSTRUMENTS

The organization's financial instruments include cash, a guaranteed investment certificate, amounts receivable, accounts payable and accrued liabilities. Amounts receivable, accounts payable and accrued liabilities are initially recorded at fair value and are subsequently recorded net of any provisions for impairment in value. The guaranteed investment certificate is recorded at cost plus accrued interest.
